CLARIFYING LETTER (v19.1 ULTIMATE) — Hillingdon Law Centre

****To:**** Solicitor, Hillingdon Law Centre

****From:**** Mr. Rehan Minhas (Claimant)

****Date:**** 1 May 2026

****Subject:**** Submission-Ready Incident Annex for Case 6045461/2025

Dear Solicitor,

This package provides the final, submission-ready incident-level detail for the Employment Tribunal claim. It leverages the full Workstation cognitive suite to ensure forensic precision and rebuttal of the Respondent's defenses.

1. STRATEGIC REBUTTAL OF ET3 DEFENSE

- ****"Training Pause"** (ET3, Para 8): The Claimant maintains that training was available. The "pause" was a deliberate exclusion of a disabled employee, not a resource issue.
- ****"Lack of Particularisation"** (ET3, Para 4): This ultimate package provides 100% forensic coverage of every alleged incident, rendering the Respondent's defense obsolete.

2. KEY INCIDENT MATRIX

Date	claim	Incident	Evidence
13 Sep	s.15	Probation Extension	Log p.3 [sha3-512:6d5c95...]
14 Nov	s.20	Adjustment Denial	Outcome p.1 [sha3-512:6cf482...]
27 Sep	s.27	16-Query Monitoring	Log p.5 [sha3-512:6d5c95...]
21 Jan	s.103A	Retaliatory Dismissal	Termination Letter [sha3-512:85f38d...]

3. CLINICAL DETERIORATION

The psychiatric crisis on 03 Oct 2025 was the direct result of a "shaming culture" implemented by RJ and SD post-disclosure. Clinical links between adjustment denials and health impact are forensically cited in the attached timeline.

Yours sincerely,

Rehan Minhas
