ULTIMATE ET1 CLAIM FORM (v19.1) — Minhas v Lonza Biologics Plc

****Tribunal:**** Watford Employment Tribunal

****Case Reference:**** 6045461/2025

****Claimant:**** Mr. Rehan Minhas

****Respondent:**** Lonza Biologics Plc

8.2 SUBSTANTIVE GROUNDS OF CLAIM (INCIDENT-LEVEL DETAIL)

1. DISCRIMINATION ARISING FROM DISABILITY (s.15 EqA 2010)

The Respondent treated the Claimant unfavourably because of something arising in consequence of his disability (Mental Health condition and medication side-effects).

****Key Incidents:****

- ****Late August 2025:**** Claimant reported episodes of diarrhoea via UKSL 425 to SD. No OH referral followed. SD later shamed the Claimant publicly [Log p.1, sha3-512:6d5c95...].
- ****13 Sept 2025:**** Immediately post-disclosure, RJ extended probation and imposed 95% CSOD completion targets. The Respondent's ET3 claim that training was "paused" is a pretext; sessions were available but the Claimant was sidelined.
- ****26 Sept 2025:**** SD publicly shamed the Claimant in the open-plan office for 20-minute lateness caused by a health episode reported that morning. Peers (TNO, ADY) were not similarly shamed.

2. FAILURE TO MAKE REASONABLE ADJUSTMENTS (s.20/21 EqA 2010)

The Respondent applied a PCP of rigid start times/plant presence that disadvantaged the Claimant due to disability-related morning fatigue.

- ****14 Nov 2025:**** Request for flexible start times was ignored.
- ****OH Disregard:**** OH recommendations for a Stress Risk Assessment (13 Nov 2025) were not implemented until 8 Jan 2026, mere days before termination.

3. VICTIMISATION (s.27 EqA 2010)

Subjected to detriments post-protected acts (Grievance 6 Oct 2025).

- ****27 Sept 2025:**** RJ subjected Claimant to aggressive "16 queries" monitoring shortly after Claimant challenged data protection breaches (unsecured health Excel file).

4. AUTOMATIC UNFAIR DISMISSAL (s.103A ERA 1996)

Principal reason for dismissal was protected disclosures regarding patient safety (Oct/Nov 2025).

- ****Retaliation:**** Respondent used "probation failure" as a pretext despite 94% punctuality and 100% technical competence in filtration tasks.

HEALTH IMPACT NARRATIVE

The Respondent's conduct caused a catastrophic deterioration in the Claimant's health, leading to a psychiatric crisis and NHS crisis team involvement on ****3 October 2025****. Discrimination became more aggressive as clinical stability declined.
