Dear Mr Rehan Minhas,

**Re: Parking Charge Notice Number EPS25765181 - Vehicle: LY55LUR**

**Site:** Iceland Wealdstone Customer Car Park **Post Code:** HA3 5DL

**Contravention Date:** 09/08/2025

We refer to your appeal in respect of the above Charge Notice (CN) received on 25/09/2025.

Having considered the points you have raised and reviewed our records, we are unable to accept your appeal. Our main reason(s) for this decision are as follows:

The signs at the car park make it clear that a valid payment must be made for all vehicles which park/enter the car park, giving clear notice that the land is private property and that a Charge of £100 will be levied if vehicles park outside of the Terms and Conditions displayed; signs also state that when a payment is made, the full and accurate vehicle registration number of the vehicle parked must be entered. The above detailed vehicle parked without a valid payment of the parking tariff for the vehicle on site and you became liable for the Charge advertised.

In your appeal you have confirmed to us that on the date in question, you were the driver of the vehicle at the time it parked in the car park.

We note your comment that at the time in question, you had parked to answer a phone call and take a short break; however, as stated, the signs clearly state that a valid payment must be made for ALL vehicles using the car park. We contend that the circumstances you describe would not have prevented you from making a payment to park prior to leaving the car park and in the absence of any such payment, you became liable for the advertised Charge.

We maintain that the signs on this site meet the requirements set by the International Parking Community (IPC) Code of Practice. The signs are large, prominent and legible, so that any reasonable user of the car park would be aware of their existence and nature, and would have a fair opportunity to read them if he or she wished to do so. It can never be a defence to a claim in contract law to say, "I did not read the terms", so long as the existence of those terms is reasonably advertised.

We have fully reviewed this case and we are satisfied that the Charge Notice was correctly issued. **2. Appeal to the Independent Appeals Services (IAS):** If you believe this decision is incorrect, you are entitled to appeal to the IAS. In order to appeal, the IAS will need the following information (which is also contained in the subject header of this correspondence).

Notice Serial No: **EPS25765181**      Vehicle Registration Mark: **LY55LUR**

Appeals must be submitted to the IAS within 28 days of the date of this correspondence. Please visit [www.theias.org](http://www.theias.org) for full details on how to submit an appeal online.

It is important you note that if you do make an appeal to the IAS, the reduced charge offered above will no longer apply. You should also be aware that if a payment is made prior to an appeal being made to, or adjudicated by, the IAS **AND** this is accepted as Full and Final settlement against the CN, the appeal will automatically be dismissed and the matter will be deemed closed. Should you appeal to the IAS and it is unsuccessful, the full amount outstanding (£100.00) will become payable within 14 days of the date the IAS decision is notified to you. Failure to pay this sum in the 14 day period will result in debt recovery costs of up to £70.00 being added to the outstanding balance.

It is important we also highlight that **no further appeals will be accepted at this office**; any such appeal must be made to the IAS.

Please also note that further costs may be incurred should it be necessary for us to subsequently recover any outstanding charge using further debt recovery and/or court action.

Yours sincerely
