

Probationary Review Meeting

Time: 08:30-09:30

Date: 21 January 2026

Location: Building 234, Walnut

Present: (RM) Rehan Minhas, Employee, (RJ) Razwan Jamil, Plant Lead, (LJ) Laura Jones, HRBP

Start: 08:50

RJ – Explained purpose of meeting. Asked RM how he feels probation has been.

RM – Training targets: signed off for Akta set up and made progress with IPF and BP area. Havent had opportunity to complete training so havent been signed off. Several issues as wasn't scheduled to do training, kit issues prevented me from completing this, sick leave and issues preventing me from being on plant. So these are mitigating reasons meaning i couldnt complete. In terms of punctuality and breaks. You said you would look into it.

RJ – Explained in our 1:1 meetings regarding breaks. Targets that were agreed are: signed-off in Akta setup and reads at 95%, IPF and or Scheduling not signed off on. Reads arent all complete but i understand there are some issues with that.

RM – hold up on this but have forms i can share with you.

RJ – Buffers isnt a target so thats why not been prioritised on these. All of the above is to get you signed off on these in an achievable period. We believe that 6 months is a reasonable time to do this.

Time keeping, consistantly late, excessive breaks on average 4/5 times a day

RM – I take 2 breaks per day, not sure where you got that from

RJ – Pass access shows when you are out of the building. Break times are set. Will share the access logs with you

RM – Suite supervisor lets me know when i can have a break and i come back when i am told to.

RJ – Access logs show a different pattern. Morning meeting you go for a cigarette break before going on plant.

RM – I usually ask if i can have a break.

LJ – Asked RM if there was anything you want to share with us.

RM – Can i show you my training forms

LJ – Yes, please share with RJ

RM – Shows forms to RJ. IPF done observation and demonstration, only reason not signed off is due to 3 filters. Other forms for smaller trainings. I was advised that this is as an when the training opportunities to come up. I requested an LQM but due to sick leave i wasn't able todo it.

RJ – Thank you for sharing.

Adjourned:09:01

Reconvened: 09:06

RJ – thank you for waiting, based on everyhitng weve discuss and seen. Your probation has not been successful. You will

RM – i disagree and will argue a case for unfair dismissal.

LJ – explained process from here, advising would email letter and provide information regarding any outstanding payments/recovery payments and holidays. Requested RM's personal email to contact him on.

RM - Rehan.minhas@hotmail.co.uk

LJ – Thank you
